ACTIVITIES AND HONORS

In the final year of middle school, I was the theater technician for the lights but as of this year I'm part of the acting crew for the Complete Works of William Shakespeare Abridged and Little Shop of Horrors.

SKILLS

I have a strong foundation in the programming concepts of OOP, fundamental game development and design, with extensive knowledge in programs such as Word, Excel, and Database.

ACCOMPLISHMENTS

In 8th grade I had negotiated with the middle school to take an hour of each Monday of the week to work on Code.org and teach grades 5+ more computer science related topics.
